

UNICORN

**THE UK'S LEADING THEATRE
FOR YOUNG AUDIENCES**

The Unicorn is the UK's leading theatre for young audiences, producing and presenting new shows alongside adaptations of classic texts, offering innovative and thrilling theatre experiences for children aged up to 13.

We welcome 65,000 families and schools to our London Bridge based venue every year, and reach thousands more through the Unicorn Online programme of free digital theatre experiences. Each year, we support over 9,000 young people to experience our shows for free or at a highly subsidised rate.

Through our Creative Hub we partner with schools from local boroughs and London-wide community groups to ensure that young people have a voice in developing the work on our stages.

Supporting the Unicorn through your business not only gives you access to some fantastic benefits, but enables us to introduce young people of all ages and backgrounds to inspiring theatre experiences both on and off stage.

Benefits are tailored to suit individual company needs and provide unique opportunities to entertain employees or clients and their families, develop new business and fulfil CSR and ESG objectives.
